Journal of Ethnopharmacology, 34 (1991) 295–297
Elsevier Scientific Publishers Ireland Ltd.

Subject Index

Volume 34 (1991)

adenine nucleotide, ginseng, rat, 79
alloxan-hyperglycemic rabbits, hypoglycemic activity, glucose load, plasma insulin, intestinal glucose absorption, *Salvia fructicosa* from Cyprus, 135
Amphypterygium adstringens, phenols, cholesterol levels, Mexican traditional medicine, 147
anti-implantation, *Ricinus communis* var. *minor*, contraception, estrogenic activity, 141
antibiotics, *Nigella sativa*, antimicrobial, bacterial infection, food poisoning, 275
anticoagulant plant, *Maytenus* species, preclinical pharmacology, toxicology, 29
anticonvulsant, epilepsy, cobalt focus, neuron damage protection, TJ-960, brain edema, 13
antifertility, *Ruta graveolens*, rutin, 49
antimicrobial, *Nigella sativa*, antibiotics, bacterial infection, food poisoning, 275
antinociceptive properties, *Strychnos henningsii*, indole alkaloids, (iso)-retuline, therapeutic index, 261
antiparasitic, cytotoxic, emetine, dehydrometine, curcurbitine, 235
antitumor activity, ferns, *Pityrogramma calomelanos*, chalcones, 93
antiulcerogenic effect, *Maytenus* species, rats, gastric ulcers, indomethacin, cold-restraint stress, 21
antiviral screening, ethnopharmacology, photo mediated antiviral activity, 1
anxiolytic action, *Panax ginseng*, diazepam, MAO activity, pentylenetetrazol, 87
atractyloside, herbalism, Zulu medicine, nephrotoxin, 253

bacterial infection, *Nigella sativa*, antimicrobial, antibiotics, food poisoning, 275
behavior, *Croton zehntneri*, cholinergic, dopamine, medicinal plant, 189
benzo[*a*]pyrene, betel leaf, chemoprevention, forestomach tumor, 207
betel leaf, benzo[*a*]pyrene, chemoprevention, forestomach tumor, 207
brain edema, epilepsy, cobalt focus, neuron damage protection, TJ-960, anticonvulsant, 13
Bupleurum kaoi, quality evaluation, pharmacological study, pathological study, 155

Caribbean ethnobotany, Guatamala, *garifuna*, medicinal flora, traditional medicine, 173
central nervous system, *Cerbera odollam*, leaf extract, immediate delayed toxicity, 201
Cerbera odollam, leaf extract, immediate delayed toxicity, central nervous system, 201
chalcones, ferns, *Pityrogramma calomelanos*, antitumor activity, 93
chemoprevention, benzo[*a*]pyrene, betel leaf, forestomach tumor, 207
Chinese drugs, radiation protectin, platelet aggregation inhibition, 215
cholesterol levels, *Amphypterygium adstringens*, phenols, Mexican traditional medicine, 147
cholinergic, *Croton zehntneri*, dopamine, medicinal plant, behavior, 189
cobalt focus, epilepsy, neuron damage protection, TJ-960, anticonvulsant, brain edema, 13
cold-restraint stress, *Maytenus* species, antiulcerogenic effect, rats, gastric ulcers, indomethacin, 21
complex indigo powder, leukopenia, scrofula, leukocyte powder, 83
contraception, *Ricinus communis* var. *minor*, anti-implantation, estrogenic activity, 141
contraceptive, mechanism of action of *Ferula jaeschkeana*, 221
Croton zehntneri, cholinergic, dopamine, medicinal plant, behavior, 189
curcurbitine, antiparasitic, cytotoxic, emetine, dehydrometine, 235
cytotoxic, antiparasitic, emetine, dehydrometine, curcurbitine, 235

dehydrometine, antiparasitic, cytotoxic, emetine, curcurbitine, 235
diazepam, *Panax ginseng*, anxiolytic action, MAO activity, pentylenetetrazol, 87
dopamine, *Croton zehntneri*, cholinergic, medicinal plant, behavior, 189

electrical contraction, flavonoids, prostaglandins, intestine, 279
ELISA, protoplasts, vacuoles, nephrotoxin, hepatotoxin, 247
emetine, antiparasitic, cytotoxic, dehydrometine, curcurbitine, 235
epilepsy, cobalt focus, neuron damage protection, TJ-960, anticonvulsant, brain edema, 13
estrogenic activity, *Ricinus communis* var. *minor*, contraception, anti-implantation, 141
estrus cycle, *Physalis alkekengi*, reproduction, rat uterine CK-BB isoenzyme, 69
ethnobotany, *Phyllanthus*, traditional medicine, 97
ethnopharmacology, antiviral screening, photo mediated antiviral activity, 1

ferns, *Pityrogramma calomelanos,* antitumor activity, chalcones, 93
flavonoids, prostaglandins, electrical contraction, intestine, 279
Foeniculum vulgare, Ruta chalapensis, toxicity studies, spermatogenic effects, 167
food poisoning, *Nigella sativa,* antimicrobial, antibiotics, bacterial infection, 275
forestomach tumor, benzo[*a*]pyrene, betel leaf, chemoprevention, 207

galactosamine, *Picrorhiza kurrooa,* picroliv, hepatoprotective, paracetamol, 61
garifuna, Caribbean ethnobotany, Guatamala, medicinal flora, traditional medicine, 173
gastric ulcers, *Maytenus* species, antiulcerogenic effect, rats, indomethacin, cold-restraint stress, 21
gastrointestinal disorders, Warao, phytotherapy, 7
ginseng, adenine nucleotide, rat, 79
glucose load, hypoglycemic activity, alloxan-hyperglycemic rabbits, plasma insulin, intestinal glucose absortion, *Salvia fructicosa* from Cyprus, 135
Guatamala, Caribbean ethnobotany, *garifuna,* medicinal flora, traditional medicine, 173

hepatoprotective, *Picrorhiza kurrooa,* picroliv, paracetamol, galactosamine, 61
hepatotoxin, protoplasts, vacuoles, nephrotoxin, ELISA, 247
herbalism, Zulu medicine, atractyloside, nephrotoxin, 253
Himathanthus sucuuba, reproductive toxicity, rats, 195
hypoglycemic activity, alloxan-hyperglycemic rabbits, glucose load, plasma insulin, intestinal glucose absortion, *Salvia fructicosa* from Cyprus, 135

immediate delayed toxicity, *Cerbera odollam,* leaf extract, central nervous system, 201
indole alkaloids, *Strychnos henningsii,* (iso)-retuline, antinociceptive properties, therapeutic index, 261
indomethacin, *Maytenus* species, antiulcerogenic effect, rats, gastric ulcers, cold-restraint stress, 21
intestinal glucose absortion, hypoglycemic activity, alloxan-hyperglycemic rabbits, glucose load, plasma insulin, *Salvia fructicosa* from Cyprus, 135
intestine, flavonoids, prostaglandins, electrical contraction, 279
(iso)-retuline, *Strychnos henningsii,* indole alkaloids, antinociceptive properties, therapeutic index, 261

leaf extract, *Cerbera odollam,* immediate delayed toxicity, central nervous system, 201
lemongrass analgesia, myrcene analgesia, peripheral analgesia, 43
leukocyte powder, leukopenia, complex indigo powder, scrofula, 83
leukopenia, complex indigo powder, scrofula, leukocyte powder, 83

MAO activity, *Panax ginseng,* anxiolytic action, diazepam, pentylenetetrazol, 87
Maytenus species, antiulcerogenic effect, rats, gastric ulcers, indomethacin, cold-restraint stress, 21
Maytenus species, preclinical pharmacology, toxicology, anticoagulant plant, 29
mechanism of action of *Ferula jaeschkeana,* contraceptive, 221
medicinal flora, Caribbean ethnobotany, Guatamala, *garifuna,* traditional medicine, 173
medicinal plant, *Croton zehntneri,* cholinergic, dopamine, behavior, 189
Mexican traditional medicine, *Amphypterygium adstringens,* phenols, cholesterol levels, 147
Musanga cecropioides, vasodilation, 283
myrcene analgesia, lemongrass analgesia, peripheral analgesia, 43

nephrotoxin, herbalism, Zulu medicine, atractyloside, 253
nephrotoxin, protoplasts, vacuoles, hepatotoxin, ELISA, 247
neuron damage protection, epilepsy, cobalt focus, TJ-960, anticonvulsant, brain edema, 13
neurophysin, *Panax ginseng,* posterior pituitary, osmotic minipump, 269
Nigella sativa, antimicrobial, antibiotics, bacterial infection, food poisoning, 275

osmotic minipump, *Panax ginseng,* posterior pituitary, neurophysin, 269

Panax ginseng, anxiolytic action, diazepam, MAO activity, pentylenetetrazol, 87
Panax ginseng, posterior pituitary, osmotic minipump, neurophysin, 269
paracetamol, *Picrorhiza kurrooa,* picroliv, hepatoprotective, galactosamine, 61
pathological study, *Bupleurum kaoi,* quality evaluation, pharmacological study, 155
pentylenetetrazol, *Panax ginseng,* anxiolytic action, diazepam, MAO activity, 87
peripheral analgesia, myrcene analgesia, lemongrass analgesia, 43
pharmacological study, *Bupleurum kaoi,* quality evaluation, pathological study, 155
phenols, *Amphypterygium adstringens,* cholesterol levels, Mexican traditional medicine, 147
photo mediated antiviral activity, ethnopharmacology, antiviral screening, 1
Phyllanthus, ethnobotany, traditional medicine, 97
Physalis alkekengi, estrus cycle, reproduction, rat uterine CK-BB isoenzyme, 69
phytotherapy, Warao, gastrointestinal disorders, 7
Picrorhiza kurrooa, picroliv, hepatoprotective, paracetamol, galactosamine, 61
picroliv, *Picrorhiza kurrooa,* hepatoprotective, paracetamol, galactosamine, 61
Pityrogramma calomelanos, ferns, antitumor activity, chalcones, 93
plasma insulin, hypoglycemic activity, alloxan-hyperglycemic rabbits, glucose load, intestinal glucose absortion, *Salvia fructicosa* from Cyprus, 135

platelet aggregation inhibition, radiation protectin, Chinese drugs, 215
posterior pituitary, *Panax ginseng*, osmotic minipump, neurophysin, 269
preclinical pharmacology, *Maytenus* species, toxicology, anticoagulant plant, 29
prostaglandins, flavonoids, electrical contraction, intestine, 279
protoplasts, vacuoles, nephrotoxin, hepatotoxin, ELISA, 247

quality evaluation, *Bupleurum kaoi*, pharmacological study, pathological study, 155

radiation protectin, platelet aggregation inhibition, Chinese drugs, 215
rat, ginseng, adenine nucleotide, 79
rats, *Maytenus* species, antiulcerogenic effect, gastric ulcers, indomethacin, cold-restraint stress, 21
rats, reproductive toxicity, *Himathanthus sucuuba*, 195
rat uterine CK-BB isoenzyme, *Physalis alkekengi*, estrus cycle, reproduction, 69
reproduction, *Physalis alkekengi*, estrus cycle, rat uterine CK-BB isoenzyme, 69
reproductive toxicity, rats, *Himathanthus sucuuba*, 195
Ricinus communis var. *minor*, contraception, anti-implantation, estrogenic activity, 141
Ruta chalapensis, *Foeniculum vulgare*, toxicity studies, spermatogenic effects, 167
Ruta graveolens, antifertility, rutin, 49
rutin, *Ruta graveolens*, antifertility, 49

Salvia fructicosa from Cyprus, hypoglycemic activity, alloxan-hyperglycemic rabbits, glucose load, plasma insulin, intestinal glucose absortion, 135
scrofula, leukopenia, complex indigo powder, leukocyte powder, 83
spermatogenic effects, *Foeniculum vulgare*, *Ruta chalapensis*, toxicity studies, 167
Strychnos henningsii, indole alkaloids, (iso)-retuline, antinociceptive properties, therapeutic index, 261

therapeutic index, *Strychnos henningsii*, indole alkaloids, (iso)-retuline, antinociceptive properties, 261
TJ-960, epilepsy, cobalt focus, neuron damage protection, anticonvulsant, brain edema, 13
toxicity studies, *Foeniculum vulgare*, *Ruta chalapensis*, spermatogenic effects, 167
toxicology, *Maytenus* species, preclinical pharmacology, anticoagulant plant, 29
traditional medicine, Caribbean ethnobotany, Guatamala, *garifuna*, medicinal flora, 173
traditional medicine, *Phyllanthus*, ethnobotany, 97

vacuoles, protoplasts, nephrotoxin, hepatotoxin, ELISA, 247
vasodilation, *Musanga cecropioides*, 283

Warao, phytotherapy, gastrointestinal disorders, 7

Zulu medicine, herbalism, atractyloside, nephrotoxin, 253
